Ms. Patricia Murray

Ms. Patricia Murray, founder and CEO of Holodesic Solutions and host of BI-TAG 2008 has nearly 25 years in business intelligence and systems development. Her breadth and depth of knowledge spans many verticals from finance and securities to government to construction and real estate. Ms. Murray's extensive background in BPR, business analysis, and documentation produce amazing organizational results on time and within budget without compromising quality. She exhibits creative thought leadership and brings together high performance teams to solve the most perplexing business issues through use of BI technology.

Mr. Rishi Bhatnagar

Mr. Rishi Bhatnagar is a highly successful serial entrepreneur whose emphasis is IT service companies. His current focus is on BIEPM.com and Syntelli Solutions Inc, which are both laser focused on doing BI & EPM work. Rishi brings to us 20 years' experience with Finance, Banking, and solution consulting. He consulted with Ernst & Young in ERP and EPM space for telecom, media, retail, real-estate and other verticals. Rishi is widely published and is a recognized thought leader in BI & EPM space.

Mr. Daniel Miller

Mr. Daniel Miller is a Senior Associate with Booz Allen Hamilton's Corporate Finance group. He is currently managing the BPM team providing Hyperion products and solution to the firm's business leaders. The Hyperion team supports products ranging from Scorecard, Planning, Essbase, Intelligence Reporting, Financial Reporting, and the Dashboard reporting tool.

Mr. Jim Hadley

Mr. Jim Hadley is Founder and President of Tiber Solutions, LLC; a professional services company focused on delivering business intelligence/data warehouse leadership and solutions to corporations and government agencies. With over 15 years as a data warehouse practitioner, Mr. Hadley extensive experience in all facets of data warehouse projects, from requirements analysis to deployment and training. He is a recognized expert in dimensional modeling, ETL architectures, and BI solution architectures. Mr. Hadley has provided business intelligence/data warehouse expertise to companies representing a wide range of industries including financial services, healthcare, technology, government, energy, education, and hospitality.
