Free Live Oracle Internet Seminar: Maximize the value of Hyperion Business Planning

[Register Now!](#)

Integrated Business Planning.
The future is clear to see.

Are you getting the most out of your business planning?

Are you able to predict and react to change in a timely and effective way? Can you see how change will impact each area of the company? Whether you're looking to gain full visibility into your company, react quicker to change, or both, our Internet Seminar series is a must see.

Tuesday, October 21, 2008
9:00 a.m. PT

Live Internet Seminar Online

Register for the series and join one or more episodes to see how Oracle Integrated Business Planning can benefit your business:

- Understand and predict the business-wide impact of market changes and plan revisions with Oracle's change-based data modeling engine
- Create and analyze what-if scenarios to assess operational feasibility and financial desirability of plan revisions
- React quickly and effectively to change with financial plans and metrics linked to operational plans
- Reduce planning cycles and increase productivity with easy cross-functional collaboration
- Make critical operational and financial decisions with confidence and improve business performance
